innovative **INSURANCE** solutions for healthcare organisations

MEDIPROTECT is a market leader dedicated to providing innovative financial service solutions to healthcare professionals, medical and healthcare affinity groups.

The company was first established in September, 1999. In 2009 the company celebrated 10 years of commitment to these markets which has seen the company grow to be a recognised specialist healthcare insurance intermediary able to develop unique products for general practice, the dental profession, day surgeries and hospitals, the allied health sector, disability and care organisations and many, many more health associations.

Remembering what it was like to be a small business ourselves, we are committed to providing exceptional service standards no matter what the size of your business.

Over the years our commitment to the healthcare profession has afforded us valued support from various associations and groups in the form of "Memorandum of Understandings" (MOU's) or an "Approved Product Provider" to their members.

We are very proud of our partner relationships with, and continued support from:

- ADAQ (Aust. Dental Association of Qld.)
- ADHA (Aust. Day Hospital Assoc.)
- ACMI (Aust. College of Midwives Inc.)
- AGPAL (Aust. General Practice Accreditation Ltd)
